High School [Blank]
Gender [Male]
Current Grade [Freshman]
Grade Point Average (G.P.A.) [Blank]
Date of Birth [January 01 1990]
Race/Ethnicity [Blank]

Did either of your parents attend college? [Yes]

Which high school classes have you taken? (Check all that apply)
- [ ] Chemistry
- [ ] Biology
- [ ] Earth Sciences
- [ ] Geology
- [ ] Integrated Science
- [ ] Other Science Classes
- [ ] Algebra
- [ ] Trigonometry
- [ ] Calculus

[Go to Step 3 »]
Some of the projects are computational projects, where we are looking for students with computer programming skills and advanced calculus skills.

Do you have these skills?  

Please elaborate on your skills.
1. What computer languages do you know?
2. What calculus classes have you taken?
3. Are you interested in using these skills to help solve Earth sciences questions?

What parts of Earth sciences interest you? (Check all that apply)

- Rocks
- Earthquakes/Volcanoes
- Environmental issues
- Energy
- Chemistry
- Oceanography
- Biology
- Paleontology

Go to Step 4 »
As an intern you will be expected to work at least 8 weeks for at least 15 hours per week with a regular schedule.

Do you have a paid job, summer school, vacation plans or other commitments which may conflict with this? (We can work around most conflicts.)

State any work schedule conflicts

You are required to get a letter of recommendation. Please list the name and contact information of the person you have asked to provide this letter. When your application is complete and has been submitted, an email message will be sent to both you and this person with information on how they can submit the letter of recommendation.

Recommender's name
Recommender's Email
Recommender's Phone

Write a essay on why you would like to participate in the intern program.

- 400-800 words
- Tell us about your interest in science, especially Earth and environmental sciences.
- How do you think the internship would help you in ways other than getting into college.
- This is your chance to tell us about your passion for and accomplishments in science and math.
Statement of interest

Total word Count : 0

/* */
Would you like to be considered for a Diversity Honorarium?

To qualify you must:

- Be from an underrepresented group in science
- From a low income household
- Or plan to be the first in your family to attend college.

If you select 'Yes' you will be asked to fill out the Diversity Honorarium Consideration form.

Other, Please elaborate

What is your family's annual income?

- less than $50,000
- $50,000 - $75,000
- $75,000 - $100,000
- more than $100,000

Do you need to help support your family financially? (If yes, please elaborate)

Would you be the first in your family to attend college?

No
Write write a paragraph or two about:

- How does being from a "diverse" group (underrepresented group in science or low income household) affect your view of yourself working in science?
- What are the challenges you foresee pursuing a career in science? How do you think your "diversity" affects your interest in or perspective of science?

Two paragraphs max.
